Health Status

- C10 clear TB status annual herd test June/July 22
- All calves are double vaccinated with Tribovax T and Bovipast
- Ryans Angus heifers are vaccinated for BVD

Export

Any heifer bought for export will return home and be retested and exported after 30 days. Any export enquiries should make contact prior to the sale

PORTAUNS ANGUS HERD

The Portauns herd was established in 1997 with the purchase of three females. One of the original females was Black Orchid of Ballyguile who created our Beatrice cow family. A select few cows were added to the herd over the last 25 years with the most influential cow being Colgagh Trudy. This cow was purchased in 2002 and went on to breed Portauns Volcano (AA2259) and numerous daughters which left us with the incredible "V" cow family. Out of our 30 black females offered for sale, 10 go back to this cow.

Over the last 25 years breeding these cattle we have three major goals:

- 1 Quality Cattle with Performance
- 2 Proper Angus Character
- 3 Calving Ease

We feel that our herd has come along way since its foundation through the use of A.I. and stock bulls. We have been fortunate to have purchased numerous good stock bulls including Gigginstown House Drew, Ballykeevican Kaptain, Ballycasey Liam, Portanes Nigel and Liss Man K089 who joined us in 2011 and left an incredible stamp on our herd. We feel our current stock bull Liss Mandrin V847 could be a superstar in the making and has left amazing progeny throughout this sale. Notable bulls that we have used heavily through A.I. were Mogeely Joe, Liss Brendan, Hawkley Red Zeppelin and Luddenmore Fionn.

This bunch of heifers being offered for sale incapsulate all that we have tried to achieve with this great breed. These heifers will add value to any herd and hopefully they all have bright futures ahead of them. We would like to thank Ryans Angus for partnering up with us to offer a superb run of 13 yearling heifers.

RYANS ANGUS HERD

The Ryans angus herd was founded in 2005 with the purchase of pedigree heifers from the Turlough herd of the late Martin McHugh. The Willow cow family originated from this group of heifers which has bred extremely well for our herd. There is an excellent heifer from the willow cow family in today's sale.

The herd has expanded since then through natural growth and purchases at pedigree Angus dispersal sales to now number 30 pedigree Angus cows. The herd focuses primarily on A.I. since its inception with a stock bull tidying up the late calvers. The breeding policy was and is to respect the fundamentals of the breed (easy calving, maternal, early maturity and easy fleshing) and to maximise genetic gain through the use of high index sires. The herd has focused on developing our own cow families that have these key fundamentals. We have heifers from most of our cow families in the sale (Hope, Willow, Jennifer & Georgina).

We have sold a small number of females to-date both privately and through society sales. This is our first ever production sale, so we have decided to offer the entire 2021 group of heifers for sale (August to November born). They are an exceptional uniform bunch of heifers for sale by top A.I. sires or our last stock bull Ryans Rogue that will make a fantastic addition to any herd or as a foundation female.

We would like to take this opportunity to thank the Portauns herd for affording us this opportunity to hold our production sale.

Thanks

On a final note, both herds would like to thank all the staff at Central Auctions Roscrea Livestock Mart for their help and assistance, our very professional auctioneer Thomas J. Cox and the excellent quality pictures from Alfie Shaw. To all who helped before and during the sale we greatly appreciate the assistance. We wish the purchasers every success with their purchases and many years of successful breeding.

This report has been prepared by ICBF in good faith on the basis of information provided to it. No representation or warranty expressed or implied is made or given by ICBF as to the accuracy, reliability, completeness of this Report. ICBF shall not be liable for any losses (whether direct or indirect), damages, costs or expenses whatsoever, incurred or arising from any use of or reliance on this Report or the information contained in it by any person.

Conditions of Sale

1. The highest Bidder shall be the purchaser, subject to the right of the Society to refuse any bid or to withdraw any lot for which the bidding is considered insufficient. Should any dispute arise between two or more bidders, the lot in dispute shall be put up again and resold, or the Auctioneer may declare the Purchaser. Auctioneer will accept bids in Euro the final bid shall be inclusive of VAT.
2. No person shall advance at any bidding less than a sum to be named by the auctioneer and no bidding shall be retracted.
3. All cattle must be offered for sale in the ring. Commission will be charged in respect of every animal offered for Auction in the ring and subsequently sold by the Owner as agreed.
4. Until any lot is sold it shall be at the risk of the Vendor or Owner from the time it enters the Salesyard.
5. Purchasers shall give their names and address immediately on the fall of the hammer. The full purchase price plus 5% commission for Pedigree Animals or €10.00 per head for Commercial Stock, shall be paid by either Cash, Cheque or Bank Card before animal is removed.
6. Each lot will be sold as it stands, to be cleared away at the Purchaser's expense at the close of the Sale; to be at the risk of the purchaser from the time the lot is sold, to be taken with all its faults and errors of description or weight subject only to condition 7 and delivery to be had on an order obtained from the Auctioneer.
7. In the event of a heifer being in calf, or any beast having some undisclosed defect or deformity, the sale shall be voidable at the Purchaser's option, provided he notifies the auctioneers before the animal leaves the yard. In the case of any dispute, the Auctioneers decision shall be binding on both the Vendor and purchaser. In any case where such an animal is one of a lot being sold, the Auctioneer's decision shall be conclusive as to the portion of the purchase price to be allowed against the animal not taken.
8. Purchasers not complying with these conditions of sale will be subject, without further notice, to have their lots resold either by Public Auction or by Private Contracts, at the discretion of the Society, and the defaulter shall be held liable for any loss and charges that may accrue upon such resale.
9. The Auctioneers act as Agents for the Vendors and any action by a Purchaser must be against a Vendor and not against the Auctioneers, and vice-versa.
10. It shall be the Vendors responsibility to ensure that all stock offered shall comply with all Department of Agriculture regulations in force at the time of sale.
11. In the event of the Auctioneers being unable to deliver any lot or lots to a purchaser for any reason whatsoever which shall seem to the Auctioneer to be sufficient they shall refund the purchaser his sale price of such lot or lots only, and shall not be under any liability to him for any additional sum whatsoever, whether the same be claimed by him as loss of profit or otherwise.
12. The Auctioneers accept no responsibility in respect of any damage or injury caused to any animal in the Salesyard or in the precincts thereof from any cause whatsoever, and all stock in the yard or precincts shall be at the sole risk of the owner thereof for the time being.
